

*Bread for the world broken;
wine for us all shed;
word in flesh spoken;
God in love made manifest,
God in love made manifest.*

Love on the road that's lonely,
love in our minds as guide,
love speaking words of wisdom,
love walking by our side.

Love on our lips for praising,
love in our eyes to care,
love on our hands for healing,
love in our hearts to share.

Love feeds our starving brother,
love heals our sister's pain,
love is a light in darkness,
love soon will rise again.

Love redeems all creation,
love is the only way,
love is our song forever,
so with the word we say:

*You are the love broken;
Yours is the blood shed;
You are the word spoken;
You are love made manifest;
You are love made manifest.*
