

*Bread for the world broken;
wine for us all shed;
word in flesh spoken;
God in love made manifest,
God in love made manifest.*

Love has come down from heaven,
love blessing all the earth,
love for our God is given,
love here in human birth.

Love in the eyes of shepherds,
love in the Virgin's joy,
love in a lowly stable,
love for a holy Boy.

Love on my lips to praise Him,
love in my eyes to care,
love on His hands for healing,
love in His heart to share.

Love redeems all creation,
love is the only way,
love is our song forever,
so with the world we say:

*You are the love broken;
Yours is the blood shed;
You are the word spoken;
You are love made manifest,
You are love made manifest.*
