

*O wash me in the water of redeeming love:
living water from the fountain of salvation.*

The water of life renews the soul:
Your gift to us all the source of life.
O cleanse us! Cleanse us Lord and refresh us!
Renew the spring of Your spirit in us.

Creator of life, of all we are:
forgive us our weakness and our fear.
Deliver us from the darkness of evil;
from danger free us body and soul.

You stretched out Your hand to calm the sea:
the people of Israel You set free.
O freedom! Lead Your people to freedom!
And liberty, through the water of life.
